Welcome

First of all welcome to our Fb-group Trains and Tombola's @vanderwant.eu

This group has been created to provide a portal to a Database I have created to keep track of all my Fb TS Neighbors. That includes not only a list of players but also a personal administration of the status of my sent trains to not only The Ts-Contracts like Mrs.Wilma etc., but also material swapping and gold exchanging with other players.

Because of the many help I received in getting to my current Ts-Level and making the game wonderful to play. I decided to open parts of my administration to the public and later on a part especially for the members of this group

That actually means that there are three areas

1. A private area. No one but me and my wife have access to and is password protected
2. A public area. Any TS-Player may use this and subscribe to our Train rides and Tombola's Of course if someone wants to receive prizes etc., then that someone has to be a TS-neighbor of the providers/sponsors. This public area is hardly used
3. A group-member area. If group members want to benefit of the extra goodies we provide, it is essential to being registered as a group member. You as a new member may find out that this is not already done. If so you are able to do it yourself.

This scheme may help you to proceed http://trains.vanderwant.eu/ts_tt_manuals/Schema User and Member registration.pdf

Level Update

Being member of this group comes with benefits. We want however only active members and not those that only profit and never take part of actions or even not ever visit the group. In order to check if members are visiting, the group members are obliged to update their Ts-playlevel. If they don't, they do not benefit from the group actions and tombolas

The end.
